## PRESS RELEASE

### Approved Flights to Belize in July

Belmopan. August 12, 2020. 11:50 a.m.

The Belize Department of Civil Aviation, in keeping with the Convention on International Civil Aviation and industry best practices, has continued to allow the entry of several types of international flights into Belize since the closure of the Philip S. W. Goldson International Airport (PGIA).

These include repatriation flights, cargo flights, technical stops, and medical evacuation flights. These flights have and continue to be approved in accordance with the various pieces of legislation enacted by the Government of Belize since the closure of the PGIA. These flights continue to allow for the provision of vital services that benefit the people of Belize. Flights originating from the United States of America and other aircraft that are registered in the United States of America are mandated to be equipped with Automatic Dependent Surveillance – Broadcast (ADS-B), a piece of equipment which, as one of its functions, allows for the tracking of the movements of that aircraft. The data collected from this equipment is readily available on public websites.

Below is a list of international flights that have entered Belize between the dates July 1, 2020 and July 31, 2020.
