

PR#35-22

## PRESS RELEASE

### **Prime Minister Tests Positive for COVID-19**

*Belmopan. February 1, 2022. 11:55 a.m.*

The Office of the Prime Minister (OPM) informs the public that over the weekend, Prime Minister Hon. John Briceño tested positive for COVID-19 and has since been in isolation.

The OPM continues to encourage eligible persons to get vaccinated. For those who have received their vaccination, you are encouraged to get your booster. The public is also reminded to continue to follow the public health regulations set out by the Ministry of Health & Wellness: wear face masks properly, wash and sanitize hands properly, avoid crowded places and practice social distancing.
