*Belmopan. May 14, 2021. 4:05 p.m.*

The Ministry of Finance announces that effective Saturday, May 15, 2021, the pump price of two fuel products will change.

The prices for premium gasoline and regular gasoline will register increases as follows:

Premium gasoline will increase by 28 cents from \$11.26 to \$11.54 per gallon; regular gasoline will increase by 26 cents from \$10.69 to \$10.95 per gallon.

The prices for kerosene and diesel will remain unchanged at \$7.07 and \$10.04 per gallon, respectively.

The price change reflects the current demand and supply conditions of crude oil in the international petroleum market and fluctuations in the acquisition price of refined fuel products in the countries from which Belize obtains its supplies.

The Government of Belize is monitoring the price movements and supply conditions closely and will work with the fuel industry to safeguard the pump prices paid by Belizean consumers.
