PRESS RELEASE

Changes in the Pump Price of Fuel

Belmopan. September 1, 2021. 4:55 p.m.

The Ministry of Finance announces that on Thursday, September 2, 2021, the pump price of two fuel products will change.

The prices of premium gasoline and regular gasoline will change as follows:
Premium gasoline will increase by 12 cents, from \$11.64 to \$11.76 per gallon.

Regular gasoline will decrease by 32 cents, from \$11.44 to \$11.12 per gallon.

The prices for kerosene and diesel will remain unchanged at \$7.60 and \$10.62 per gallon, respectively.

The price changes reflect the current demand and supply conditions of crude oil in the international petroleum market and fluctuations in the acquisition price of refined fuel products in the countries from which Belize obtains its supplies.

The Government of Belize is monitoring the price movements and supply conditions closely and will work with the fuel industry to safeguard the pump prices paid by Belizean consumers.
