PRESS RELEASE

Ministry Engages Galen University on National Identification Framework

Belmopan, May 28, 2026.

On Wednesday, May 27, 2026, the Ministry of E-Governance hosted a collaborative dialogue with Galen University to discuss the proposed National Identification (ID) Framework.

The Ministry extends its sincere appreciation to Galen University for its well-researched and academically grounded interactions, which contributed valuable insights to the discussion. This engagement reflects the Ministry's continued commitment to sustaining inclusive, informed, and meaningful national conversations on critical digital transformation initiatives.

As Belize advances its efforts to modernize governance systems, the Ministry of E-Governance remains dedicated to promoting diverse perspectives, civic participation, and in-depth stakeholder engagement. Partnerships such as this play a vital role in ensuring that the development of the National ID Framework is guided by thoughtful analysis, public input, and a shared vision for national progress.
